

Reception Home Learning: 6th-10th July

Hello children. I hope you have had a nice, relaxing weekend. Below are the links for this week's lessons. This week, you will be learning about how your actions affect others. You will be learning how to write letters and in maths, you will be focusing on measure. In RE, you will be continuing the topic of prayer and saying sorry for our sins. I hope you enjoy the activities planned for you. I look forward to hearing about all you have learnt when we return in September. Stay safe!

From Mrs Furlong x

Monday 6th July

English:

<https://classroom.thenational.academy/lessons/to-become-aware-of-how-our-actions-affect-others>

Watch the video and complete the activity. Remember you can pause and go back any time you need. For this lesson, you will need: paper, pencil, coloured pencils and your teddy talk partner.

Maths:

<https://classroom.thenational.academy/lessons/describe-capacities-of-objects>

Watch the video and follow the instructions. When it has finished, click 'next' at the bottom of the screen and select slide 2 to complete the activity. For this lesson, you will need: some water in a container (you can add colour to your water by adding food colouring or a little bit of paint) and some extra containers to pour your water into.

PSHE:

<https://classroom.thenational.academy/lessons/being-kind-no-more-teasing-by-emma-chichester-clark>

Watch the video and follow the instructions. To complete the activity, you will need: paper plates, coloured paper, scissors, paint and glue.

Tuesday 7th July

English:

<https://classroom.thenational.academy/lessons/to-describe-how-actions-affect-others>

Watch the video and complete the task. For this lesson, you will need: paper, pencil and your teddy talk partner.

Maths:

<https://classroom.thenational.academy/lessons/compare-volume-of-liquids>

Watch the video and follow the instructions. When it has finished, click 'next' at the bottom of the screen and select slide 2 to complete the activity. For this lesson, you will need: a jug full of water (coloured water), some sand/rice/pasta (it's up to you which you use) and some extra containers.

Understanding the World:

<https://classroom.thenational.academy/lessons/float>

During this lesson, you will be exploring what floats and sinks. Watch the video and follow the instructions.

RE:

Please see separate document.

Wednesday 8th July

English:

<https://classroom.thenational.academy/lessons/to-commit-a-story-to-memory-using-a-map-dfd3a5>

For this lesson, you will need: paper, pencil, coloured pencils and your talk partner teddy.

Maths:

<https://classroom.thenational.academy/lessons/estimate-lengths-of-objects-0a31b3>

Today you will be estimating and measuring. For this lesson, you will need: objects from around your home that you can measure (examples: shoe, piece of paper, a toy), some smaller items that are all exactly the same (these will be used for measuring with. Examples are some cubes, blocks, pieces of pasta or some counters).

Understanding the World:

<https://classroom.thenational.academy/lessons/floatsink-experiment>

In today's lesson, we will be scientists and explore whether items we find around our house float or sink. For this lesson, you will need: your teddy talk partner, paper, a large bowl of water and some objects from around your home (these items must be safe to place in water. Some examples are: coins, paper, a pencil, a key).

Thursday 9th July

English:

<https://classroom.thenational.academy/lessons/to-recognise-the-features-of-a-letter>

For this lesson, you will need: paper, pencil and your teddy talk partner.

Maths:

<https://classroom.thenational.academy/lessons/compare-weights-of-objects>

In this lesson you will compare the weight of objects on Zara's balance scales. You can find out how to make your own balance scales in the slides following the video. Click 'next' at the bottom of the screen and select slide 2 for instructions on how to make your own balance scales. For this lesson, you will need: a variety of objects (examples: a shoe, a toy, a piece of paper) and some balance scales (if you have any or if you can make some – don't worry if not).

Art & Design:

<https://classroom.thenational.academy/lessons/build-a-boat-that-floats>

For this lesson, you will need: paper, a sink or bowl of water.

Friday 10th July

English:

<https://classroom.thenational.academy/lessons/to-write-a-letter-37c588>

In this lesson, you will be writing a letter of kindness to someone we care about. You will need: paper (lined paper is best), pencil, an envelope, a stamp (if you plan to send your letter) and your teddy talk partner.

Maths:

<https://classroom.thenational.academy/lessons/measure-objects>

In this lesson, you will be revising all the things you have been learning lately.

Understanding the World:

<https://classroom.thenational.academy/lessons/mixing-colours>

In this lesson, you will be mixing colours in water to find out what new colours you can create! You will need: some cups and jars (these should be clear so you can see the water through them), water, food colouring (or you can use paint), some coloured pens and some paper.
